the objectives of the Project.		the objectives of the Project.	

Problem Solution Fit	Prepared problem - solution fit document.	17 NOVEMBER 2022
Solution Architecture	Solution architecture is the practice of designing, describing, and managing solution engineering to match it with specific business problems.	17 NOVEMBER 2022
Customer Journey	Prepared the customer journey maps to understand the user interactions & experiences with the application.	17 NOVEMBER 2022
Functional Requirement	Functional requirement is prepared with listing both functional and non -functional needs .	17 NOVEMBER 2022
Data Flow Diagrams	A data flow diagram (DFD) maps out the flow of information for any process or system.	17 NOVEMBER 2022
Technology Architecture	Technology architecture associates application components from application architecture with technology components representing software and hardware components.	17 NOVEMBER 2022
Prepare Milestone & Activity List	Prepared the milestones & activity list of the project.	11 NOVEMBER 2022
Project Development - Delivery of Sprint-1, 2, 3 & 4	Develop & submit the developed code by testing it.	IN PROGRESS
